## EXPERIENCE

### Rasi Infotech, Salem — Frontend Developer

July 2023 - PRESENT

- Designed and developed visually appealing and intuitive user interfaces using **React JS**, **Redux**, **HTML**, **CSS**, and **Bootstrap**.
- Contributed to the successful implementation of various web applications, including a software project management system (**Project-PMS**).
- Designed and implemented responsive user interfaces, optimizing both **UI/UX** and performance reduced bounce rate by 30% and boosted user retention by 20%.
- Ensured the technical feasibility of **UI/UX** designs and optimized applications for maximum speed and scalability.
- Conducted code reviews and mentored junior developers to maintain high code quality and best practices.

## PROJECTS

### en Project — (Project Management Tools)

- Actively involved in the development and management of a **Project Management System (PMS)** project.
- Managed product lifecycle and maintained strong **client relations**.
- Tracked **time sheets**, documented **bugs**, and prepared **support documentation**.
- Handled **enquiries**, monitored **server health**, and analyzed **customer requirements**.
- Managed **HR functions** and maintained **subscriber details** in a **multi-tenant** environment.
- Collaborated with cross-functional teams to deliver quality web solutions using **Agile methodology** and **project management tools**.
- Developed and implemented **enquiry follow-up** and **enquiry status tracking**.
